Complete 1940's Bungalow House Model with Movements - PWBungalowHouse-Main

Product URL <https://poserworld.com/complete-1940s-bungalow-house-model-with-movements-pwbungalowhouse-main>

Short Description: The 3D complete bungalow house model for Poser and DAZ Studio has 34 door movements (entrance, interior room, kitchen cabinets and shower doors). The roof can be removed or hidden for better camera angles and easier adding of furniture and other items. The yard may also be hidden or removed if need. Contains over 90 megabytes of highly detailed textures. This model loads quickly in both Poser and DAZ Studio. This model took over 200 hours to model and texture. Note: some of the textures are 5120x5120 and can be reduced in size. The BUMP and Displacement maps are in separate downloads (below). We also have furniture, appliances and plants that can be used in the house on our 3D furniture, personal accessories and plants download pages.
