# Above Ground Pool Model Poser Format

Product URL https://poserworld.com/3d-above-ground-pool-model-2

Short Description:  The 3D above ground pool model for Poser and DAZ Studio has a parented ladder that may be moved or removed as needed.

The trim around the outside gral area is lower than the gravel plane so that the pool can be places on a ground or grass plane and the ground will not poke through the gravel around the pool
