Modular Weapon Scope Model Poser Format

Product URL <https://poserworld.com/3d-modular-weapon-scope-model>

Short Description: The 3D modular weapons scope model in Poser 3D model format is parented to the bottom mount. The scope can be moved back and forth on the mount using the Z-trans setting. The scope is scalable to fit nearly any 3D weapon model of your choice. The colors can be easily changed as they are color assignments.
