Americana Motor Court Scene

Product URL <https://poserworld.com/americana-motor-court-scene>

Short Description: The 3D motor court scene for Poser and DAZ Studio is reminiscent of Route 66 and Americana from the 1950's. This scene works well with our vintage gas station scene and our 1960's era pickup truck model. This is a static outdoor scene and took 36 hours to model and texture.
