Large City Street Corner Scene with Movements

Product URL <https://poserworld.com/large-city-street-corner-scene-with-movements>

Short Description: The 3D city corner scene for Poser and DAZ studio is complete with everything shown. The corner deli building model comes with textured windows and with clear windows. The model also has a door that opens and well detailed textures. Both downloads include the textures. the interior has basic textures (wall, floor tile and ceiling colors). The Liquor store model has a door with open movement and the windows can be made clear. The inside has basic textures as well. Perfect for any street scene, animation or render. Instructions for making the glass clear and setting the windows and door glass up as glass is in the read me file and there is a visual walkthrough for setting up glass in Poser for those that are not familiar with the process. The book store building model is a facade model (no interior). The bookstore model is perfect for any urban or rural street scene. The well detailed texture includes a BUMP map, however the BUMP is not applied by default. The trash dumpster has lids that lift and wheels that spin and swivel. The trash can and trash bag models contain a new and rusty can with handle movements and lids that open. There is a close and open trash bag. We have many small items that could be used with the open bag on our models download pages. Also include an ATM machine, fire hydrant and parking meters. All modes are parented to the street / corner model.
