Interior and Exterior Beach House Scene - Poser and DAZ Studio Format

Product URL <https://poserworld.com/interior-and-exterior-beach-house-scene-pose-and-daz-studio-format>

Short Description: The 3D beach house scene is a complete interior / exterior scene for Poser and DAZ Studio. All four walls and roof can be hidden. The two light fixtures can be moved or hidden. There are three backdrops that can be moved as needed. There are two sand sections, one on each side of the main sand section. They can be moved or hidden as needed. The house floor/deck is parented to the main sand section. All of the interior is parented to the main floor/deck section. The lights are parented to the roof. To open the sliding glass door, select the right wall section and use the open door morph.
